NURSING MOTHERS

"A richer milk than milk" is good food for nursing mothers. Scott's Emulsion is the rich cream of cod liver oil, and contains ten times as much cream as milk does.

The nursing mother must eat with the purpose of producing good, nourishing milk for her baby. A little Scott's Emulsion is often a very wise addition to her daily diet. If through nervousness or weakness her milk is a failure, Scott's Emulsion will help make it a success.

The baby gets the benefit, too, when the mother takes Scott's Emulsion. The same remedy brings new strength and nourishment to both.

COUNTY OFFICIAL PAPER.

Saturday, September 3, 1904.

D. E. O'KEEFE.....EDITOR AND PROPRIETOR

HAYES FOR CONGRESS.

E. A. Hayes of San Jose has been nominated by the Santa Cruz Republican Convention for Congress in the Fifth District. He is one of the owners of the Mercury and Herald, two stanch Republican journals that have always fought the battles of the party in Santa Clara Valley. Mr. Hayes is a gentleman of culture, wealth and education. A speaker of more than ordinary ability, he will make a splendid campaign on the stump in the district.

Mr. Hayes has a clean record and will go before the people as a gentleman of honor and worth and if elected—and there is no doubt but that he will be—he will reflect credit upon the Fifth Congressional District. Every Republicans should give him loyal support to the end that the district may be redeemed from the clutches of the Democratic party. Mr. Hayes while a good business man is an astute politician, and will make a rattling campaign. His majority in the county on next November should be pronounced.

HARMONY IS WANTED.

It is to be earnestly hoped by the Republicans of this county and Santa Cruz county also, that the Joint Senatorial muddle will be settled in an amicable manner so as to insure the election of a Republican Senator to the Legislature at its next session. The party cannot afford to lose a member of the upper house this year, for a U. S. Senator is to be elected at Sacramento next January, and then too this member would be a hold-over and would also vote for Senator in 1908. The party can take no chances. There must be harmony in its ranks to elect a Senator this year. The battle will be a fierce one and there must be a united column to win. Let all differences be buried and all get behind some candidate and elect him. The seven delegates from this county went to the Santa Cruz Convention with the purest and best intentions. They believed they were morally right in seeking the nomination for Henry Ward Brown, who has so ably and honestly represented this county in the Assembly for the past three terms, in view that Santa Cruz has had two nomination in succession, viz., the nomination of Kron and Trout, both of whom were defeated in their own county but received large pluralties in this county. Owing to this fact the delegates felt that the nomination should come to San Mateo this year. However, the delegates were willing if unsuccessful in securing Brown's nomination to get behind some good Republican from Santa Cruz and loyally support him. As matters now stand there are two candidates for Senator, one, Mr. C. Hoffmann, nominated by nine delegates appointed by the chairman of the Santa Cruz County Committee, and the other, Mr. Rambo, nominated by the seven delegates from this county, and four from Santa Cruz. Both claim a legal nomination and the matter will hove to be fought out before the Secretary of State. Under the circumstances, no matter who finally succeeds on being placed on the ticket, there can be but little hope of success with divided ranks. Only by perfect harmony, united effort, and hard work, can a Senator be elected in this district at the coming election.

It does seem to us that the only way out of the difficulty is to nominate H. W. Brown who would be acceptable to all factions and with a united party would be certain of election. Mr. Brown is an able legislator with a wide experience and could do much good for both counties. He above all others would be sure of success. Why take chances when there is a certainty of an election of a Senator? On his vote next January may depend the election of a Republican Senator. Can we afford to jeopardise party success for personal differences? By all means let the hatchet be buried and let San Mateo county and Santa Cruz county join hands and send a good Republican to Sacramento next January.

DO YOU WANT A CHANGE?

Democrat campaign managers and orators are trying to convince the voters of the nation that the time is ripe for a "change." Every petty grievance against the party in power is magnified and every possible bugaboo concerning future developments is raised and waived in an effort to make the people believe that their interest and their welfare will be the best subserved by abandoning Republican policies and adopting Democratic. The Democrstic party completed a four years' term of power in 1896 and it may interest the voter, who is thinking the country needs a "change" to contrast the business of the nation in 1896 with that of 1904. The figure quoted are for the fiscal year, ending June 30, 1904.

Merchandise experts in 1896 were $882,000,000 as against $1,460,000,000 in 1904. Do you want a change?

The favorable balance of trade in Democratic 1896 was $102,000,000 as against $470,000,000 in Republican 1904. Do you want a change?

We imported $33,000,000 in gold in 1896 as compared with $99,000,000 in 1904, and we exported $112,000,000 in 1896 as against $81,000,000 in 1904. Do you want a change?

Our total foreign commerce in Democratic 1896 was $1,661,000,000 as compared with $2,457,000,000 in Republican 1904. Do you want a change?

The bank deposits in December, 1896, amounted to $4,945,000,000 in December, 1903. Do you want a change?

No kick can come from San Mateo County Republicans against the Senatorial nomination of S. H. Rambo of Santa Cruz County. On the other hand their friendship for him must be the strongest possible, because his friends gave the Senatorial nomination to Assembly Brown of San Mateo, which he declined. Santa Cruz delegates, and the San Mateo County delegates, then unanimously nominated Mr. Rambo, one of the strongest Republicans before the voters this county can name. — Santa Cruz Sentinel.

San Mateo County is willing to take the Joint-Senatorial nomination. San Mateo has always been willing to carry this burden. She is not as big a county as Santa Cruz, but she continuously rolls up a bigger Republican majority.—Santa Cruz Sentinel.

This is a splendid argument in favor of the nomination coming to San Mateo County this year.

Probably the inventor of the safety pin, who is still living, is wondering with the rest of us how the women ever managed to hold themselves together before he appeared on the scene.

There is a large force of men employed there and the superintendent showed every courtesy to the visitors, showing them the process by which the fish are dried and prepared for shipment. Large cargoes of fish arrive from Alaska every week and are at once cleaned and dried and are shipped to nearly all parts of the world. This week a large shipment was made to Manila. Bay Circuit Show a Success.

The entertainment given by the Bay Circuit Theatrical Company Tuesday night at the Alhambra was by far the best they have given here. The specialty work was good and the singing of an excellent quality. The moving pictures were alone worth the price of admission. So long as the company keeps up its present standard there can be no doubt but that they will be greeted with a large attendance each week. There is a complete change of program every Tuesday evening and new pictures are shown each week. It is worth 15 cents of anyone's money to attend the performance at the Alhambra Tuesday night.

HAPPENINGS AT SEQUOIA.

The only place in which they were beaten was in the run for secretary. Dot Brown being a Socialist won by one vote.

Lucile Otto was elected president against Walter Barret on the class ticket. Delia Roche was defeated by Cora Dooley. Frank Thompson was unanimously successful over Ruth Robinson. The secretaryship was a close call between Dottie Brown, Emma Mount and J. Hillman. Miss Brown received five votes, Emma Mount and Joseph Hillman received four.

The Sophomores had an election which was indeed exciting. They had to vote twice to decide the Presidency. Richard Hillman winning over Alice Holden. Joseph Allen was elected Vice President. Emma Haaker was elected Secretary in favor of Josephine Kreiss. There was three running for the office of Treasurer. Jennie Lane was elected over Clide Watrouse and Roy Peterson.

The Big Circus Coming.

The announcement that Ringling Brothers' World's Greatest Shows will exhibit in San Francisco on September 12 and continue for seven days will be received with more than usual interest by the people of this neighborhood. The Ringling Brothers have a name that stands for all that is now, novel and entertaining in the circus line, and the management announces that this season the show has been enlarged to such an extent that a whole extra train is used in addition to the four trains of last season. The show is now transported from place to place in eighty-five seventy-foot cars, constructed especially for the Ringling Brothers. In connection with the circus proper, in which the arenic performance is marvelous, the Ringling Brothers are this season presenting the beautiful and sublime spectacular production of Jeruselem and the Crusades. This pantomimic play necessitates the use of 1200 actors and actresses and of almost 300 horses. It is presented on the largest stage ever used for exhibitional purposes. CITY COUNCIL MEETING.

Grading on County Road Nearing Completion.

The City Council met regularly Monday night, all of the members being present excepting Chairmain Havey. Chase Littlejohn presided.

The work of grading the county road was reported as nearing completion and it was the sense of the board that it be oiled from Talbot's to the Finger bridge as soon as possible. On motion of Walker the clerk was directed to publish notice calling for bids to do this work, proposals to be submitted to the board at the meeting on September 12th.

James R. Baker, representing the Neptune Meter Company of New York, addressed the board regarding the good qualities of the meters handled by him, at the same time exhibiting a sample for inspection. On motion of Walker the clerk was authorized to purchase two of the machines on trial.

Superintendent Dickey reported that on account of the lack of fall it would be impossible to lay a sewer on Tenth street from B to Arguello street. The best that could be done would be to connect with the main on the commons, which was some 900 feet distant. He also reported that Mr. Heiner desired both sewer and water connection with his property in the Robinson subdivision. This and other matters relative to sewer work were laid over for the present.

The clerk was authorized to employ the services of W. J. McGarvey in preparing a list of new voters for use at the bond election.

Dr. Gibbons' Farewell.

The farewell sermon of Dr. A. A. Gibbons was listened to by a large and appreciative congregation last Sunday evening. The members of the Congregational church joined with their Methodist brethren, and Rev. C. C. Kirtland occupied the pulpit with Dr. Gibbons as he appeared for the last time for active ministry.

Dr. Gibbons took as his text "Then and Now," and spoke of the many changes which had occurred during his life. He touched briefly upon the facts of his life and told of the preparation he had made for his work. As a young man he studied medicine but gave that up to take a theological course. For some years he was professor of natural science at the State University of Ohio but gave that up to take the presidency of the University of the Pacific, which position he had occupied some years previous, and after some years at that place he took up his work as a pastor.

Dr. Gibbons will remain in Redwood for two weeks, after which he will go to Pacific Grove to spend his remaining years in rest and quiet.

MENLO PARK OCCURRENCES

Hoitt's School Has a New Owner. Reported Ill in England. Crowds at the Fair.

Mr. Tenant and his bride have moved into the Lenehan cottage.

The lot adjoining E. L. Taylor's in the Mills tract has been sold.

Mrs. W. Schandy of Paso Robles was here visiting friends durldg the week.

Fred Cardell, the well known sea captain of Martinez visited his old friend, Carl Broske, of this place Sunday.

The Las Lomitas school opened Thursday with thirteen pupils. By next week there will be twenty-five in attendance.

James Hopkins left for Chicago last week. He will attend the World's Fair at St. Louis before returning to California.

C. K. Harley of San Francisco has established dog kennels at Fair Oaks. They contain all breeds of dogs from a Spitz to a Newfoundland.

Lots 4 and 5 at University Heights are for sale at a bargain. They are the property of the Bird Estate. See James T. O'Keefe who is the attorney for the party disposing of them.

Mrs. J. H. Stallard is said to be very ill in England and not expected to survive. She left here over a year ago for her home in Ireland to adjust difficulties with her tenants there. It seems she contracted a severe cold from which she never fairly recovered. This is sad news to her friends for she was esteemed by all who knew her.

Ira G. Hoitt has sold all his interest in the Hoitt School business to W. J. Meredith, who has had charge of the school for a year past. Professor Meredith is a man of good business ability — an educator of eminence. He will build up the school and make it an institution of learning to be known far and wide.

This week a total of 750 students had registered at Stanford as against 707 at this date last year. These figures, showing only a compartitively small increase over last year's attendance, bear out the statements made so often this fall that the enrollment made this year would exceed any figures for previous years. Last year there were registered in regular undergraduate standing 1229; in graduate standing 113, and as special students 143, a total of 1485. This year's increase would, if the other figures for last year remained true, make more than 1500 students at the University. As it is, it is more than probable that there will be nearer 1600 than ever before in the history of the institution. In fact, it is understood — though there are no reliable figures obtainable from the most authoritative sources — that more than 800 applications were this summer made for admission. These were of necessity new students.

LADIES' FAIR LARGELY ATTENDED.

The ladies of the Catholic Church are attracting large and patronizing audiences during the evenings of the week at their fair in Armory hall by a series of entertainments and attractions. All classes and creeds are represented and the booths are gaily decorated in the various colors of the rainbow and are presided over by lovely women.

Wednesday evening the fair was opened under most pleasing auspices by Father Meyers of St. Patricks Seminary. He delivered a very happy address, that was at times eloquent, and at all times appealed to the listeners. He called attention to the various attractions and urged all to be liberal, saying that the money that was expended was for a worthy cause. Father Meyers was felicitous and his remarks were well received.

The armory during the week presented a beautiful appearance with its vari-colored booths, myriads of electric lights and gayly dressed young women who flitter among the throng securing shekels from those willing to loosen their purse strings. The articles offered for sale are varied and costly.

St. Anthonys booth is presided over by Mrs. Michael Lynch. The assistants are Mrs. J. J. Murray, Miss Johanna Synan, the Misses Mamie and Jennie Lynch and the Misses Margaret and Rena Roach. The colors of the booth are yellow and white. A land office business is done here where everything is sold from a pincushion to a house and lot. The booth is a veritable bower of beauty decorated with choicest flowers.

The Gaelic League booth is in charge of Mrs. D. Roche, assisted by Miss May McCullough, Miss Marie Doyle, Misses Delia and Mamie Roche and Mr. and Mrs. D. Kirby and Jas. T. O'Keefe. The booth is gaudily decorated in green colors and presents a very fine appearance. Those who are in charge are meeting with splendid success.

The Sacred Heart booth is presided over by Mrs. Fitzgerald and she is ably assisted by Mr. and Mrs. P. J. Kiley, H. B. Morey, Miss Jennie Carolan, Miss May Harkins, Bessie Fitzgerald and Miss Nellie Morey. The booth's colors are red and white and numerous colored electric lights enrich the effect. It is doing a splendid business and has a great variety of valuable articles that find ready sale.

St. Josephs booth, whose destinies are looked after by Mrs. Jas. R. Doyle, is arrayed in immaculate white. The assistants are Mr. and Mrs. E. J. Crane, Mrs. M. F. Duff, Mr. and Mrs. David Tuttle, Mrs. Jas. G. Mason, Mrs. W. H. Doyle and Mrs. Jas. Farrell. This booth is a fairy land of flowers and choice decorations. It's a charming place and is doing an immense business.

Mrs. Thomas Ward has charge of the Ice Cream booth. She dispenses ice cream and cake with a liberal hand. For her assistants she has Miss Frances Coon, Miss Amy Burke, Miss Mamie Lenehan, Miss Susie Gale, Miss Ellen Kelly and Miss D. Hand. All are kept on the go dishing out delicious ice cream and frosted cake to all those who have run the gauntlet, for the booth is in the rear of the hall.

Mrs. Thomas Harrington presides over the Candy and Soda Water booth. She has several beautiful young ladies for assistants and their fascinating eyes and melting smiles are hard to resist. The young men find it impossible to pass the attractive booth without "blowing themselves."

A menagerie of ferocious wild animals is a feature of the fair. It is in charge of John Morey. The admission to see these untrained beasts is ten cents, and all should see them.

The evenings at home by every booth are enjoyable affairs that attract large crowds.

The "Evening Sun" that publishes all proceedings of the Fair is creating no end of interest. A staff of writers ably present the news which is read with interest. The paper sells well and is a big money maker.

This evening a large army of gayly dressed young ladies with bewitching smiles and glad hands will welcome all visitors to the fair and offer every inducement to spend their cash, and something of a novelty in the way of an entertainment is promised by the young ladies. Be sure to attend and bring your purse.

Death of Thomas Johnston.

All that was mortal of Thomas Johnston was laid away in the little hillside cemetery overlooking the ocean, at Halfmoon Bay, last Sunday. For nearly fifty years this old patriarch had resided on the coast side of the county and was known and respected by all in the neighborhood. For the last two years, since the death of his aged sister with whom he resided, Mr. Johnston lived with his daughter Mrs. Fred Fillmore, in San Jose. At that place last Friday, in the fullness of years he passed peacefully out into that other life for which he had long been preparing.

Mr. Johnston was a native of Scotland, aged 88 years. As a youth he came to America and settled in Pennsylvania. During the gold excitement of 1849 he came to California, and in 1853 he took up his abode at Halfmoon Bay. There, in 1868, he was married to Miss Glorian Griffin, and two children, a son now deceased and one daughter, were born to the couple.

The body was brought to his old home and the funeral services were held in the Methodist church. Rev. C. Morse of Alviso, the former pastor of the deceased, pronounced a touching eulogy. The funeral was conducted by the Masonic lodge of San Mateo, of which the deceased had been a member for over thirty years.

THEDFORD'S BLACK-DRAUGHT FOR CONSTIPATION

Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize that he is allowing poisonous filth to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipated bowels are relieved. Thedford's Black-Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics.

Be sure that you get the original Thedford's Black-Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 25 cent and $1.00 packages.

Morgan, Ark., May 25, 1901.

I cannot recommend Thedford's Black-Draught too highly. I keep it in my house all the time and have used it for the last ten years. I never gave my children any other laxative. I think I could never be able to work without it on account of being troubled with constipation. Your medicine is all that keeps me up.

SAN FRANCISCO SEAWALL ACT.

CHAPTER CCXL

An act to provide for the issuance and sale of State Bonds to create a fund for the construction by the Board of State Harbor Commissioners of a seawall and appurtenances in the City and County of San Francisco; to create a sinking fund for the payment of said Bonds; and providing for the submission of this act to a vote of the people.

(Approved March 20, 1903.)

The people of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of a seawall and appurtenances in the City and County of San Francisco, at a cost not to exceed two million dollars (which said seawall and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare two thousand suitable bonds of the state of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard of value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of January, A. D. nineteen hundred and five, and shall be made payable on the second day of January, nineteen hundred and twenty-four A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the said state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and six, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest, and, likewise, all bonds redeemed by lot shall cease to bear interest after in this act provided, and the said state treasurer shall call in, forthwith pay, and cancel the same, out of the moneys in the San Francisco seawall sinking fund provided for in this act, and he shall, on the first Monday of January, nineteen hundred and twenty-four, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year 1914.

Sec. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

Sec. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants duly drawn for that purpose.

Sec. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under the seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered, and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund, to be known and designated as the "San Francisco Seawall Fund" and must be used exclusively for the construction of seawalls and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

Sec. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Francisco Seawall Sinking Fund" shall be and the same is hereby created, as follows: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the state of California, or of the several counties or municipalities of the state of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage, to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the state of California. Between the first and the tenth day of November, in the year nineteen hundred and fourteen, and between the first and the tenth day of November of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date all interest upon bonds thus drawn shall cease and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same and the interest coupons thereon, and each year beginning with the year 1914 the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereabove stated. After the payment of all of said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, A. D. nineteen hundred and four, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 9. This act shall be submitted to the people of the state of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and four; and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the San Francisco Seawall Act," and in a separate line under the same the words "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act, then the same shall be and become void.

Sec. 11. This act may be known and cited as the "San Francisco Seawall Act."

Sec. 12. All acts and parts of acts in conflict with the provision of this act are hereby repealed.

WHERE TO SPEND VACATION.

Hints Given in Free Book Published by the California Northwestern Railway.

Of course you are going to have a period of rest this year, but, do not decide as to where you will pass this season until after you have read "Vacation 1904." This is a book issued annually by the California Northwestern Railway Company, which gives information regarding the many rest and pleasure resorts to be found on that road. These resorts are numerous enough and varied enough to supply thousands of people with whatever may be needed in the way of relaxation and recreation, and at prices which may suit every one's pocket.

To begin with, there is no prettier part of California than that through which winds the California Northwestern Railway. This is, in itself, a pleasure, and this is enhanced by the splendid equipment of the road and the ceaseless watchfulness, care and unfailing courtesy of the employees.

Aside from the attractive features of the road, the country traversed by it is richly endowed with mineral springs, which restore health and vigor to the ailing; woods and copses in which game abounds, running water and lakes in which swimming and boating may be indulged, and streams from which the trout may be drawn in all its beauty. While enjoying these, people may live in tents, farm houses, or hotels, just as inclination suggests.

Information on all these features is found in "Vacation 1904," which contains over 150 pages, and which is richly illustrated. The cost of maintenance at each place is also given from $7.00 per week upward.

"Vacation 1904" may be had at the offices of the California Northwestern Railway, or by mail, in response to a request addressed to the General Passenger Agent, San Francisco.
